

BREXIT STATEMENT JANUARY 2021

G&E Projects are a resilient, flexible and innovative construction company with a strong supply chain and a vast amount of knowledge and experience in dealing with materials and products made in the UK and EU. We feel confident contractors, along with our partners in the wider creative and construction industries, can remain to deliver strong economic growth for the UK during and after Brexit.

We are pleased to share our preparations and re-assure you of our readiness to continue to offer our high-quality services following Brexit.

Our number one priority is supporting our customers. We are committed to the continuity of our services and have been working extensively across our supplier and partner base throughout this process.

Over many months, we have been developing and continue to prepare for any eventuality following Brexit. Across all parts of the business, we have been working closely with supplier management, logistics providers, inventory, certification, compliance, HR, legal and much more.

Feel assured that you can have confidence in our readiness.

G&E Projects Ltd is ideally positioned today and in the future:

- We will continue to supply quality Design & Build, Fit Out, and Maintenance Services from our existing facilities. Providing our full portfolio of services within our standard delivery timescales. We will continue to provide all Customers and Partners with a first-class service.
- We are working with our key suppliers to ensure stock availability of our core product lines to ensure a consistent continuity of supply.
- By working closely with world-class logistics suppliers, we expect to minimise any potential impact on our deliveries to our sites within the UK.
- Many of our key materials are designed and developed in the UK with our suppliers working hard to ensure any imported materials are still available. We are not

BREXIT STATEMENT JANUARY 2021

anticipating Brexit to have a significant impact on our UK operations however this is ever changing and will be closely monitored at all times.

- In order to continue supporting all Customers and Partners, we have developed contingency plans to minimise potential disruptions. These include preparation for possible border delays, and the development of short-term contingency plans.
- There is no current anticipated impact to warranties on any of our products and services.

Please be assured that we will continue to review our position as more information becomes available and will share further updates. We encourage all suppliers and service providers to review their own plans in relation to Brexit and address any potential impact for our business such as building up stock inventories to ensure our customers are unaffected by other external factors.
